Susan Goodman, Advisory Board:

- " Carrie Dooley term ended as of October 1, 2006. This position is open and you don't need to be an O.S.E.A. member to serve. Advisory Board meets twice a year and sit for state exam if needed. If anyone is interested in this open position, contact Susan Goodman or Carol Anwar.
- " An electrologist from California who currently lives in Oklahoma wants reciprocity between states. See part 536.7 Act part D. She is doing online education with theory and bookwork. She has 150 hours in California but doesn't do a full year with hands on.
- " Many questions and concerns were raised about our law and reciprocity:
 - ¢ How many months should be spread out for the 150 hours?
 - ¢ She still needs to pass our state exam.
 - ¢ Should we open an act with legislature to change?
 - ¢ Should the medical board decide accreditation?
 - ¢ Per Nancy Casteel, the Medical Board is concerned with the lack of Electrologists and no new students coming out of school.
 - ¢ General consensus is to keep the 150 hours with at least three months: let Medical Board decide.

Nancy Casteel, President:

- " Passed out handout from Kathy Plant showing current licensed Electrologists as of August 2006.
- " Education Program: Nancy received O.S.E.A. scholarship to attend AEA convention: Laser Hair Removal -vs.- Electrology.
- " Passed out hair growth cycles per body area.

- " Wants to put non-approved minutes on website until they are approved at the next meeting.
- Motion by Susan Goodman to put non-approved minutes on website until approved at next meeting. Tracie Albert seconded the motion. All present were in favor.
