Old Business: Vicki Sue reported that no one attended the 2015 AEA Convention so we will not have a presentation from the convention at our Spring meeting.

Nancy Casteel, Medical Board Electrologist Committee member, was not present but sent information to OSEA members about the need for a preceptor, as well as options for more than one electrologist to act as a preceptor.

Carrie Dooly, Medical Board Electrologist Committee member, discussed the possibility of candidates doing their practical training at an out of state facility if they had met the educational requirements in our law. They would have the required study materials to prepare them for our Oklahoma Medical Board exam. Carrie said this is our best option if no one volunteers to become a preceptor. Osea members present discussed the possibility of Board Committee members making changes to the preceptor requirements to enable more OSEA to be eligible to train. This discussion was tabled until the committee meets again and gives us their opinion on the matter.

New Business: Carrie Dooly presented a pamphlet with information on the Peer Assistantce Program.

Vicki Sue announced election of OSEA officers for 2016-2018 at the upcoming Spring 2016 OSEA meeting.
